My dear Mary,

I clean forgot about the Flower Show until I received your note. You see I fill up each evening so that I am free. I had three engagements yesterday finished with a small coffee party at the Club —

Mrs Fawcett is most anxious to call on you boys - I explained the road last night the such a really nice woman. —

Mrs Munro delighted. He H. has asked her up to Batty. I have fixed the 15th for my party. I wont send the invite out until I hear from you. I hope nothing on as the Palace I have an idea the H.C. wont know as until Monday as am off. I will change the date & send your boys & his Lord if the 15th does not suit them - Things are so fleeting that the daily memo to be signed first no pleasure but I am most careful not to succumb to my feelings!

Yours ever
John McGann
